# **Australian Communication Exchange Agreement Certified**

**On Friday the 28th of November 2008 the variation and extension to the Australian Communication Exchange Collective Agreement was certified in the Australian Industrial Relations Commission (AIRC).**

We would like to thank all members for your patience and understanding during this long and protracted process.

We would particularly like to thank all Delegates who have worked tirelessly in the interest of all members during these difficult negotiations.

We intend to organise a celebratory gathering of members as soon as is reasonably possible. We will be discussing time and dates with our fantastic Delegates and will ensure ample notice is given to enable as many members as possible to attend.

## **Some of the benefits gained in the Certified Agreement are:**

- Conversion of casual employees to permanent employees
- A Sign-On Bonus for eligible employees
- Increased rate of pay
- A merit based Bonus System for eligible employees
- Increases in Allowances

If you have any enquires please call ASU organiser John Kelly on 3252 8666
